# America Party Coin (APC) - Whitepaper

Version: 1.0

Date: 2025-07-14

## 1. Introduction

America Party Coin (APC) is a meme-powered, community-driven token launched on the Base network. Inspired by American satire and political parody, APC aims to empower freedom of speech, decentralization, and cultural rebellion through blockchain technology.

## 2. Vision & Mission

Vision:

To become the most recognizable symbol of freedom, fun, and rebellion on-chain.

Mission:

- Encourage meme culture as a form of decentralized voice

- Reward loyal holders with on-chain reputation and NFTs

- Use humor as a tool for community unity and political expression

## 3. Tokenomics

Token Name: America Party Coin

Symbol: APC

Total Supply: 1,000,000,000 APC

Network: Base

Decimals: 18

Contract Address: 0x37ea6372a5ba8F6008749df8bf1EEc4d51Fb2D20

Initial Distribution:

- Liquidity Pool: 10%

- Community Airdrop: 20%

- Marketing & Ecosystem: 30%

- Core Team (Locked): 20%

- Reserve & Partnerships: 20%

## 4. Ecosystem Utilities

- DApp Launchpad: Claim missions, NFTs, and earn ranks

- APC NFT Badge: On-chain collectibles based on engagement

- Community DAO: Meme-based voting and reward proposals

- Zealy Integration: Web3 quests and growth incentives

## 5. Roadmap

Q3 2025:

- Token Deployment on Base

- DApp MVP launch

- Airdrop Campaign

- BaseScan submission

- First 100K wallet milestone

Q4 2025:

- Listing on DEXes & CEX

- Community DAO activation

- Meme contest + NFT reward pool

- America Party Online Event

## 6. Team

Our team operates under decentralized pseudonyms to emphasize open-source and freedom:

- Founder: Satoshi Nakamoto

- Creative Lead: LibertyEagle

- Dev Team: AnonFreedom Labs
